

IMPORTANT INFORMATION FOR YOUR ATTENDANCE

It is our highest priority to protect the health of us all. For this reason, we are implementing all necessary COVID-19 preventive measures. The event will take place subject to the COVID-19 regulations effective at the time it is held.

Please comply with the following measures:

- Do not come to the event location if you feel ill or have been in touch with individuals showing symptoms of COVID-19.
- Should you feel ill during the conference and show any one of the COVID-19 symptoms (cough, sore throat, shortness of breath, catarrh of the upper respiratory tract, sudden loss of olfactory or gustatory sense, with or without fever), please contact the registration desk immediately.
- Particularly in such a situation, make sure to keep your mouth and nose covered and avoid direct contact with others.
- Bring along your own FFP2 masks in sufficient quantity. It is compulsory to wear an FFP2 mask while entering the venue and recommended throughout the course of the event (also at the seats).
- Keep the necessary distance from others and avoid handshaking and hugging in all event areas and throughout attendance.
- Heed the designated distance markers in all areas (e.g., in front of the registration desk).
- Please schedule additional time for on-site organisational administration.
- Wash your hands regularly with soap, make use of the disinfection facilities, do not touch your face with your hands and sneeze/cough into your elbow or a disposable handkerchief.
- Adhere to the rules of conduct on site and on your own responsibility and always follow the event organisers' instructions.
- Participation is not possible without indicating your name, telephone or mobile phone number and email address. In the event of a presumptive case, your personal data will, upon official order, be forwarded to the competent authorities for the purpose of contact tracing.

Altogether, these measures facilitate the event to take place. Thank you in advance for your cooperation. We look forward to welcoming you at the conference.

How to protect yourself and others

Wear a
Face Mask

Keep
Distance

Wash your
Hands

Avoid direct
Contact

Cough into
your Sleeve

Stay home
when you feel
sick
